Keeping all RBX Group Stakeholders Informed

Note from the Managing Director

The end of May saw the first time in six years that XSIT has not been able to reach its production targets, and we had to inform clients that there was going to be a shortage of moths. The issue has now been sorted with a great deal of learnings which shows that things don't always go right and that tough times will come.

As the CGA Citrus Summit slogan reminded us earlier this year: **"Tough times don't last, tough people do!"** Thanks to all you tough people who put in the effort to solve this issue. This clearly displays the qualities and values that drives our companies and saw our colleagues get awarded at the recent national staff meeting.
